\$1.00 per kit donated to
Spina Bifida
Hydrocephalus Research
Canada.

**For each Fire Starter Kit sold, Atlas will donate \$1.⁰⁰
to Spina Bifida Hydrocephalus Research Canada.**

In Canada, Spina Bifida is one of the most common disabling birth defects, affecting approximately 26 in every 100,000 babies born.

Each year, between 120 and 150 babies across the country are born with this neural tube defect, which impacts the incomplete development of the spine and nervous system.
